Dear Paul, 1/12/70

Having heard nothing from either of you, I do not know whether Charlie Brown could do the 18 pages of typing you said you want done.

Id she can't, maybe Jerry can arrange it in NYC. There is a girl named Eve who seems to be sort of a fan of mine. She was supposed to come her once with him but in the last minute couldn't. Recently I asked Jerry to ask her, if she still wants to come and do some work, and if she has the time coming to her on her job, to let me know. I had some carding in mind.

Yesterday Jerry told me she'd be glad to do it there but doesn't have any more time coming now.

So, maybe she can do yours for you.

If you'd like to find out, write Jerry or let me know and I'll ask the first time he calls, which is fairly often.

I presume Eve can type.

All you guys in college and not a girl to help? What has happened to guys?

Or girls?

Best,
HW
